

Do No Harm National Survey

Conducted by the Marist Poll, April 2022

National Adults n=1,377 MoE = +/- 3.4%

Weight Variable = WTFactor, Confidence Level = 95%(Upper Case),90%(Lower Case)

	National Adults (A)	Race/Ethnicity		Race/Ethnicity			Gender		
		White (B)	Non-white (C)	White (D)	Black (E)	Latino (F)	Men (G)	Women (H)	
I am going to read several examples of new policies that medical schools and hospitals may adopt to promote what is called Diversity, Equity, and Inclusion in medical care or ``social justice`` for short. For each one, please tell me whether you think in the long run it will improve or not improve the medical care you personally receive. If you do not think it will make any difference to your medical care, please say so.									
Do you believe minors who identify as transgender and want to undergo hormone treatment or gender transition surgery:									
	Should be able to do so without parental consent	10%	10%	10%	10% E	3%	8% e	8%	12% G
	Should be able to do so, but only with parental consent	25%	25%	26%	25%	21%	31% dE	24%	27%
	Or, should not be able to undergo hormone treatment or gender transition surgery until they are adults	60%	60%	61%	60%	72% DF	60%	63% H	57%
	Vol: Unsure	5%	5%	3%	5% F	4% F	1%	5%	5%

Do No Harm National Survey
