Join the Vituity Team. Having an impact on people comes with being a clinician, but at Vituity you get to decide the kind of impact you want to make. We were founded by emergency physicians who wanted more control over providing the best care possible for their community. And that legacy continues today through a culture that empowers innovation, entrepreneurship, and ownership. Vituity is a 100% physician owned partnership and is led by frontline physicians that are all equitable owners. As an equal and valued partner from day one, our ownership model provides you with financial transparency, a comprehensive benefit package including profit distribution, and multiple career development opportunities. Our leadership understands what your practice needs to thrive and gives you autonomy and local control so you can provide care when, where, and how your patients need it. A patient-first focus drives everything we do, from continually seeking improvements in care delivery to developing and implementing innovations in healthcare. We believe everyone has a role to play in that.

Vituity Locations: Vituity has opportunities at 450 practice locations across the country, serving 8 million patients a year. With Vituity, if you ever need to move, you can take your job with you.
