## **Do No Harm Supports the Chloe Cole Act**

Statement by Dr. Kurt Miceli, Chief Medical Officer at Do No Harm, in support of the **Chloe Cole Act**:

“I applaud the elected officials who are fighting for The Chloe Cole Act, which establishes a private right of action for individuals who were harmed as vulnerable children by the sex-change industry. For too long the scandal of sex-rejecting procedures on minors has proliferated to an alarming degree through misinformation and pseudoscience. These interventions carry significant risks, cause great harms, and often do irreversible damage. Passing The Chloe Cole Act will not only establish a strong deterrent against sex-rejecting procedures in minors by exposing harmful actors to real legal accountability but also mark a meaningful step toward justice for those harmed by the child sex-change industry.”

-----

Do No Harm, established in April 2022, has rapidly gained recognition and made significant strides in its mission to safeguard healthcare from ideological threats. It has over 50,000 members, including doctors, nurses, physicians, and concerned citizens across all 50 states and 26 countries.
